

THE GAME – LAUNCH

HOW TO PLAY

The Objective

The objective in the game of LAUNCH®, like that in conventional golf, is to shoot the lowest score possible. In LAUNCH, scores range from '0', the lowest, to '108', the highest. A full set of golf clubs, except for putter, is used and players take full swings off a Launch Pad onto a 300 yard fairway.

Number of Players

The unique design of LAUNCH allows for foursomes, threesomes, twosomes and individual play. Since each hitting station includes a table, four chairs and full food and beverage service, the LAUNCH facility is the perfect place for socializing.

The Scorecard

There are LAUNCH scorecards to meet the needs of every player. From a par 3 golf course to a championship 6816 yard course. LAUNCH players have a choice of courses against which to challenge their skills.

■ Distance Shot - The perfect distance shot is one that comes to rest PAST the designated square but in the same column.

The Target - The designated square to shoot for.
